A place where we will be discuss facts, myths, statistics, encounters, eliminating risks, safety, and food and garbage storage, along with a new understanding about this awesome creature. Bear Aware is a must for any camper; including tailgaters, who are serious about hiking and backpacking. The conference is geared toward high adventure activities, but is really for anyone who might spend a little time in the outdoors. Knowledge is the key to any successful outing. Bears are out there and we all should understand them, not only for our safety, but the bear's very existence on earth. . . Please Be Bear Aware!
